### LEGRAND® MAKES LIFE EASIER

We are convinced that connectivity must continue to increase the value of homes, offering an enduring boost in usability. That's why Legrand Group cultivates the extraordinary utility of technology.

Eliot, the Legrand's Program dedicated to the Internet of Things, has a new born:  $Valena^{TM}$  Life/Allure with Netatmo.

From a collaboration between Legrand and Netatmo¹, Valena™ Life/ Allure with Netatmo has arrived to make everyday life more comfortable, secure the home and family and facilitate energy savings.

LET'S HAVE A FULLER LIFE TOGETHER.

With Valena™ Life/Allure with Netatmo, it's child's play to have a connected home. Imagine that your home obeys your touch and voice. That you can shape how it behaves. And that your home helps you monitor and save energy and keep your family secure.

### MAKE YOUR HOME MORE SECURE

Close your home uptight with one touch. Simulate your presence when you are away and be notified of abnormal activity on your smartphone.

WAY TO HOUSE

# **USE LESS ENERGY**

Manage your energy consumption without thinking and save energy, and money, every day.

# TELL YOUR HOME WHAT YOU WANT

Now your home obeys your voice. Just command Siri, Alexa or Google Assistant to turn on your lights, adjust your heating, secure your home...

### **ENHANCE YOUR AUTONOMY**

Protect your comfort and autonomy at home. Control your lights, thermostat, roller shutters, appliances, by voice or remotely with a tablet or a smartphone.

### **EASY TO INSTALL**

It's easy to replace any of your standard outlets or switches with a connected outlet or switch. There are no unsightly holes, no additional wiring. You can even stick the wireless switches wherever you want, thanks to their repositionable adhesive.

Then, setup them all up in no time using the Home + Control App on your smartphone or tablet. Whether your home is from the last century or you're just building, your life can become simpler and more intuitive.

### **EASY TO USE**

Lighting, heat, roller shutters... All your home comforts will obey your touch and voice, individually or together. The possibilities are endless. Want a relaxing shower at the end of an episode of your favorite series? Tap to turn up the heat in your upstairs bathroom, without leaving your couch. Then, once the credits roll, say simply, "Ok Google, turn off the television and lower the lights", and go upstairs without a thought.

### **EASY TO CONTROL**

Arms full, in the shower, in the yard or at the other end of the world... Anytime, keep control of your home with a tap or a word. And when you aren't there, keep an eye on your house at all times. If ever there's a problem, such as a power failure or overconsumption, your smartphone alerts you.

Control your home wherever you are with your smartphone, tablet or laptop.

### **ALWAYS ON DUTY...**

Your connected home never lowers its guard. You can always count on Valena™ Life/Allure with Netatmo to watch over your home and your family. With just a touch, lower the shutters and activate the alarm. When you're away, your connected home simulates your presence, shows you what's happening and alerts you immediately on your smartphone if something is unexpected. And each new device integrates easily into your system for an even more comfortable and secure home.

**Connected power outlet**Remotely control your home appliances and be notified of abnormal activity on your smartphone

Connected roller shutter switch
You can control you roller shutter locally, by voice or remotely by the Home + Control app.

### ... EVEN IF YOU NEVER SEE IT

A simple and intuitive user experience cleverly hides the rich technological possibilities of Valena<sup>TM</sup> Life/Allure with Netatmo. Discrete, your connected switches and outlets replace your current material, quickly and without mess. You can start with just one room or connect your entire home. Or start with just your lights or your roller shutters. In any case, you can easily expand your system by gradually adding more connected outlets and switches, depending on your desires and budget.

When you leave home, switch off the lights, close all the shutters and turn off selected home appliances with a single touch.

### **INVEST A LITTLE**

A connected home has never been so accessible. The starter pack and each additional product or pack can be purchased separately and integrated easily. Valena<sup>TM</sup> Life/Allure with Netatmo works with the largest brands and platforms – like Apple HomeKit, Google Home, Amazon Echo, Somfy, Bubendorff, Netatmo or IFTTT – enabling you to add third-party products to your system to enrich its functionalities even further.

# ING INTO EST EGG MONEY

# **SAVE A LOT**

Improve your comfort, even while saving energy. The application Home + Control allows you to visualize your consumption in great detail: at that particular moment or over time; for a specific light or appliance, or for all of them together. That detail can help you optimize your energy savings.
